Figure 1: Yuriy

- ▶ Next Thursday (March 31) is the end of my postdoc at Texas A&M, and consequently, my last day as muon alignment co-convenor
- ▶ Jay and Marco have decided that Yuriy Pakhotin should replace me in this position, to keep continuity
- ▶ You've met Yuriy in previous Muon Alignment meetings, but you might not have met him in person yet (see Fig. 1)
- ▶ Please join me in welcoming him in his new role!
